

INDIANA FORM, RATE, AND RULE FILINGS NOW AVAILABLE ON PERR & KNIGHT WEBSITE

As of December 16, 2005, the Indiana Department of Insurance form, rate, and rule filings for all product lines are now available on the Perr & Knight website.

This includes Commercial and Personal Property & Casualty lines, Life and Annuities, Credit Life and Disability, and all Accident & Health product types.

There are a few P&C filings prior to December, 2005, on their website, but most all of the filings that can be accessed were reviewed after January 1, 2006. Perr & Knight charges a fee to access and download the filings, but having the internet web capability may be more beneficial than on-sight viewing, copying, or scanning.

The Department simply wants the public to be aware of this new availability.
